1. BRIEF DESCRIPTION OF PROPOSAL AND REQUESTED BOARD ACTION:

At the request of the Town of Surprise Manager, the Arizona Department of Transportation has done an engineering study which indicates that traffic signals are warranted on Grand Avenue (US 60) at both the Factory Street and Dysart Road intersections. The Traffic Engineering Division of the Maricopa County Highway Department agrees with the need for these signals. Because some of the approach legs to these intersections are County roads, ADOT has requested our financial participation in their construction. After construction, the signals will be maintained and operated by ADOT. Maricopa County will pay the electrical power bills only.

After completion please return to Mr. Lathrop, Highway Department.
